

ReThink Disposable FREE Community Workshop

Saturday, June 25th, 2016
Quinlan Community Center

10185 N. Stelling Road, Cupertino, CA 95014

8:30am–9:30am Registration & Breakfast
9:30am–12:30pm Workshop

Space is limited for this FREE event — so please register today: www.bit.ly/RethinkWorkshop

Clean Water Fund cordially invites you to participate in a workshop and training about the impacts of disposable food and beverage packaging on the health of our waterways. The workshop will focus on methods and messages for engaging the public in reducing single-use packaging. Workshop participants will receive CWF's toolkit and outreach materials to support year-round public education and outreach efforts.

AGENDA

- Introduction to Clean Water Fund and ReThink Disposable
- Marine Debris Update
- A Focus on the Problem: Single-use Disposable (SUD) Foodware Packaging
- Regulatory Update: Local Government and NGO's Driving Change
- Training on ReThink Disposable Source Reduction Messaging and Materials

For questions about this workshop, please contact Dara Rossoff Powell at drossoff@cleanwater.org or 415.369.9160 x 340.

This workshop and training will benefit community members, local government and NGO staff, and teachers engaged in year round public education and outreach on litter, pollution prevention, watershed, and waste issues like:

- Watershed / Creek Restoration Groups
- Litter Prevention and Clean Street Groups
- Adopt-a-Beach Captains and Coastal Cleanup Day Coordinators
